One Of Kalakaua's Land Deals To Be Aired

LATE KING PURCHASED SOME PUBLIC LAND BUT TERRITORY CLAIMS HE FAILED TO PAY.

A very interesting case will be tried shortly in which the Kapiolani Estate seeks to mandamus Land Commissioner Pratt to issue a patent to the Kemoo lands at Waiakua. The interest in the matter lies in the fact that a land transaction on the part of the late King Kalakaua, is the cause for the action. In 1887 the king bid in at auction five pieces of land, at prices ranging from \$95 to \$2,010 each. Patents were issued to him for two of those pieces of land, but the patents were not issued for the others, for the reason, it is claimed by the Territory, that the King failed to put up the purchase money. One of those pieces was the so-called Kemoo land. The price which the king bid for the land was \$170. Some time ago the Kapiolani Estate as successor-in-interest to King Kalakaua, tendered to the land commissioner the money with interest from 1887 and demanded a patent. Pratt refused to issue the patent. Mandamus proceedings were then instituted.

Yesterday Deputy Attorney General Milverton filed a notice to the plaintiffs to produce the original of two letters that were sent to the King on behalf of the government, relative to these land transactions. It is desired by the Territory to prove by these letters that the King failed to pay for the particular land in question and that he allowed the Kemoo deal to lapse.

NEGROES ARE FOR FORAKER

SENATOR
JOSEPH D. FORAKER

Press Cable, Morning Service. BOSTON, May 22.—A negro meeting held here last night endorsed Senator Foraker, of Ohio, for president.

Senator Foraker has said that he "will not be dictated to by any man, big or little, in Ohio or out of it," and has started on a campaign which he hopes will land him in the White House. Senator Foraker has a fine mansion in Washington as well as a delightful home in Cincinnati, where he lives when not at the Capital.

THOUSANDS HUNG UP IN TAX APPEALS

TAX RECEIPTS THIS YEAR WILL EQUAL TAX ASSESSOR HOLT'S ESTIMATES TO THE LEGISLATURE, AND IF APPEALS PENDING ARE WON BY THE GOVERNMENT, WILL EXCEED IT—SOME OF THE ISSUES INVOLVED IN APPEALS.

The Territory stands a good chance to go tens of thousands ahead of the estimate of income made by Tax Assessor Holt. There is over \$10,000 now hung up on various property and income tax appeals but aside from this sum of money, Assessor Holt is of the opinion that his estimate of about \$925,000 for the present year's income will be reached after the collections for the second period will have been made. To date, the collections amount to over \$500,000 eliminating the consideration of the appeals, the second period of collections will be sure, bring the collections up to practically the estimate.

LIME FAMINE AND TONS IN SIGHT

PLANTATIONS NEED LIME BUT THE MUCH WANTED CARGO IS IN QUARANTINE.

The sugar plantations are calling for lime. They are short of lime and there are tons of lime aboard the S. S. Californian, but the A. H. freighter is off port in quarantine for five days and they can't get it, unless by special dispensation.

A move is now on to gain permission from the quarantine authorities, if possible to land the lime by means of lighters, the contention being that mosquitoes from the yellow fever belt are not likely to travel with the lime.

Details Of The Pearl Harbor Trip Arranged

COMMITTEE HOLDS MEETING THIS AFTERNOON AND SETTLES SOME MINOR POINTS.

The executive committee on the entertainment of the Congressional party held a meeting at 2 o'clock this afternoon at the rooms of the Promotion Committee, and took up some of the details of the arrangements for entertaining the visitors next week.

A tentative list was made up of those to be invited to go with the party on the Pearl Harbor trip on Monday on the Troquois. Inasmuch as the government tug is of limited capacity, it is necessary to limit the number of invitations, and those who go will be as much as possible men who are in some way associated with navigation or the improvement of the country about about Pearl Harbor. A portion of the party will probably be taken down on the train and most of them will likely come back that way.

The party is to be given a luncheon while at the Harbor, by F. W. Macfarlane.

The committee on transportation was instructed to provide carriages for the Federal visitors in order that they may attend the parade and Memorial Day services on the 30th.

The change of plans in relation to the trip to Haleiwa and Wahiawa, made by the sub-committee, which takes the party to the latter place first, was approved.

The general plans of the entertainment remain the same as previously decided upon.

NATIONS NINE ON VOYAGE ACROSS TWO OCEANS

W. PATRICK HICKEY SIGNS AS BOY-N-TOWNSEND SECURES INTERESTING CREW.

"I ain't a-bankering to discommodate anybody, but I'll be everlasting darned if I'm all the time a-going to be pestered to death by this aggravating sailor business," said Captain Townsend of the big ship Manga Itewa, just before she sailed Monday afternoon for Kahului to take on sugar for around the Horn to Philadelphia.

They do say that Captain Townsend has only five sailors aboard out of a score of men who signed on. This may be an exaggeration and, from a

Oceanic wharf, there to see the crowd off for the S. S. Alameda, who had seen London's face in newspapers and magazines who were rubbering and saying "There goes London."

That the resemblance is remarkable is certain. A lot of people don't mistake one man for another, spontaneously, without some good reason. One or two, who had seen London, were convinced that the gentleman taken for him was much taller than Novelist Jack. Had London's double arisen in that crowd to give a lecture on the ketch Shark nearly everybody would have cried "Hurray for London."

"Oh, he's London right enough," said one present at the questioning of the man above referred to, "he's only bluffing."

A. S. CLEGHORN FOR GOVERNOR

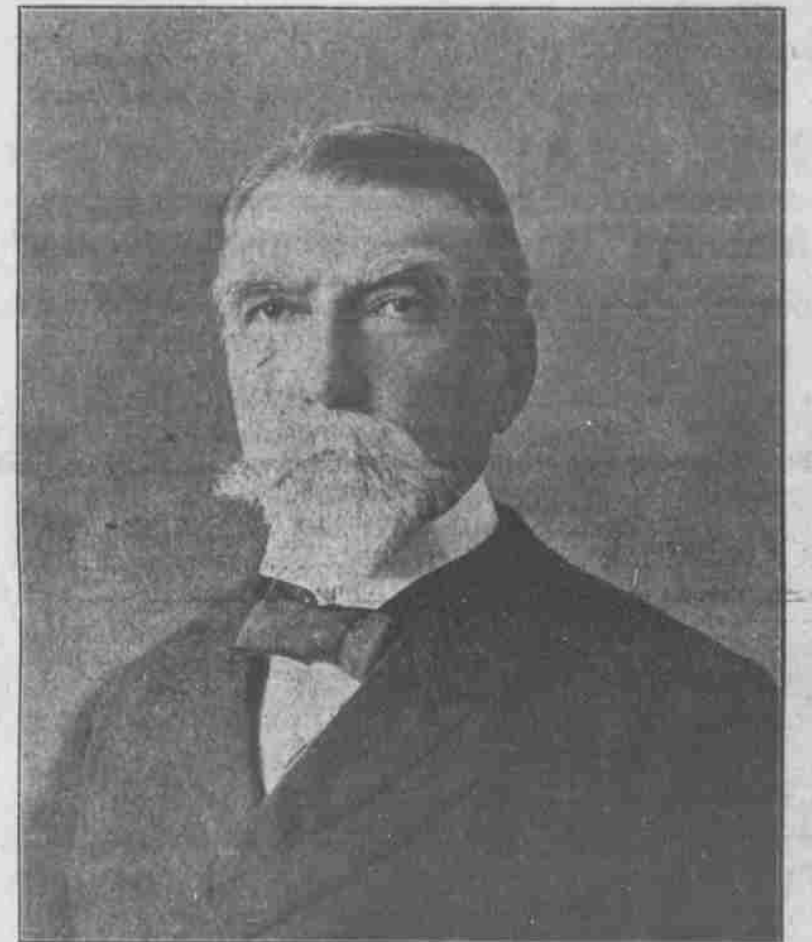

IT IS SAID THAT SEVERAL MEMBERS OF THE CONGRESSIONAL PARTY HAVE ASSURED HIM OF THEIR SUPPORT SHOULD HE EXPRESS A DESIRE FOR THE OFFICE—MUCH DOING IN THE GUBERNATORIAL SITUATION.

Undoubtedly the community is more in the dark about the gubernatorial situation than it has been on any similar issue for years. That F. M. Hatch would be an acceptable candidate to many people, should he consent to an appointment, is certain, but the point of uncertainty now is just what the local interests propose to do.

It seems to be the general opinion among well posted people that whatever is done will depend upon Governor Carter.

Something is evidently doing in the gubernatorial situation. There is a strong sentiment of belief that under

But there is one other feature of the situation that has not yet been considered. This is the equation of Carter. While he has given out here that he does not intend to take another term, it might be that the President could "prevail" upon him to accept another appointment. Carter is a sort of linguistic chameleon. He changed his "no" to "yes" and he may change his "no" to "yes" again, unless the President tells him to "guess again." It is said that when Carter left Honolulu it was with considerable degree of uncertainty as to just how he stood with the President. Probably if he succeeds

neath the surface people are getting busy and wires are being pulled—and they are not being pulled in the interests of Atkinson. His friends have already been warned to "get busy." But where the gubernatorial issue is involved, Jack has adopted a William the Silent attitude—whether he is "sawing wood" remains to be determined.

The friends of President Pinkham of the Board of Health are understood to be pressing his claims for support, but with what success can not be announced as yet. Pinkham has very strong supporters. L. A. Thurston still looms up as a very strong candidate, but with Carter hurrying to Washington on the mainland and the private discussions in progress in Hawaii, matters are very uncertain.

It is said that A. S. Cleghorn would receive very favorable consideration in this respect. He would be acceptable to some interests and possibly be a happy solution of the difficulty. Members of the Congressional party are said to have expressed the opinion that they would give him their support if he should express a desire for the position.
